NORTH CAROLINA

INTERIM PLAN

RATES

LONG TERM PLAN

PUBLIC UTILITIES COMMISSION ACTIVITIES

ADDITIONAL INFORMATION

The Commission has concluded that the LECs and CLPs should negotiate issues involved in the provision of interim number portability as part of the interconnection negotiations. The Commission also directs the LECs and CLPs to negotiate on the "true" number portability issues and to work towards a permanent solution which is consistent with any national standards which are adopted in the future.

INTERIM NUMBER PORTABILITY *TENNESSEE*

INTERIM PLAN

- ▶ RCF, DID (proposed)
- ▶ New rules adopted by PSC 12/29/95. Proposed rules submitted for Attorney General approval (no deadline specified for approval).
- ▶ RCF, DID (proposed) or other comparable arrangement

RATES

LONG TERM PLAN

Implementation of a final solution is required within 90 days of a final solution becoming technically feasible.

PUBLIC UTILITIES COMMISSION ACTIVITIES

ADDITIONAL INFORMATION

Proposed rules require that upon receipt of a bona fide request for unbundled or interconnection service (including number portability), the LSP shall promptly enter into negotiations to establish arrangements and prices. Prices shall be based on long run incremental costs. During course of negotiations, any party may request PSC mediation. Prices are to reflect underlying costs and are to be non-discriminatory. If negotiations are unsuccessful, any party may petition the PSC for hearing to establish tariffed prices and service arrangements.
